

MAGIC MILK

WHAT TO DO:

1. POUR MILK INTO A SHALLOW DISH TO GENEROUSLY COVER THE BOTTOM
2. DROP SEVERAL DROPS OF DIFFERENT COLORS OF FOOD COLORING IN THE MILK. (ADD GLITTER TO CREATE A BETTER EFFECT!)
3. USE A PIPETTE TO SUCK IN THE DISH SOAP WATER AND SQUIRT IT IN THE MILK TO WATCH THE COLORS SWIRL AROUND.

WHAT TO USE:

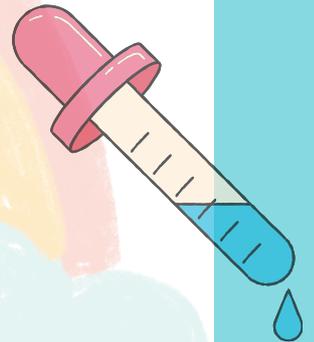

- MILK
- DROPPER/PIPETTE
- FOOD COLOURING
- DISH SOAP
- A TRAY
- GLITTER (OPTIONAL)

WHAT NOT TO DO:

THE THICKER THE "CREAM" THE BETTER. IF YOU HAVE CREAM, THAT WORKS EVEN BETTER THAN WHOLE MILK. SKIM MILK WON'T WORK AS WELL.

NO PIPETTE? USE ANYTHING WITH A SMALL END, LIKE A CRAFT STICK, PIPE CLEANER, PENCIL. OR JUST DROP A SINGLE DROP OF DISH SOAP FROM THE BOTTLE.

MAGIC MILK

PROMPTING QUESTIONS

BEFORE EXPERIMENT:

- **WHAT DO YOU THINK WE WILL DO TODAY?**
- **WHY DO YOU THINK WE NEED FOOD COLOURING FOR THIS EXPERIMENT?**
- **WHY DO WE NEED A SHALLOW DISH?**

DURING EXPERIMENT:

- **WHAT WILL HAPPEN WHEN WE SQUIRT THE DISH SOAP INTO THE DISH?**
- **WHY WOULD GLITTER MAKE THIS EXPERIMENT LOOK MORE COOL?**

AFTER EXPERIMENT:

- **WHY DO YOU THINK THE COLOURS DANCE WHEN WE ADD THE DISH SOAP?**
- **HOW IS THE SWIRLS HAPPENING?**
- **HOW CAN WE KEEP MAKING THE COLOURS DANCE?**
